

Environmental Monitoring Committee Annual Public Meeting

Permit 107517

Sparwood Seniors Drop In Centre

101 Pine Avenue

October 19, 2016

Open House 5:00 – 6:00 p.m.

Presentation with Q & A session 6:00 – 9:00 p.m.

The Environmental Monitoring Committee (EMC) was created as a requirement of the Environmental Management Act Permit 107517 for Teck's steelmaking coal operations in the Elk Valley. It is an independent body with representation from the Government of B.C., Ktunaxa Nation Council, Teck, and an independent scientist expert, which provides technical and traditional knowledge input and advice on environmental monitoring for Permit 107517 and the Elk Valley Water Quality Plan.

Learn More About Environmental Monitoring

The public is invited to the second annual Environmental Monitoring Committee public meeting on October 19 in Sparwood to learn more about the water quality monitoring and management work being undertaken relating to Teck's Environmental Management Act Permit.

The annual meeting is an opportunity to ask questions of EMC members about water quality in the region, and the work the Committee has conducted over the past year.

A general open house will run from 5:00 – 6:00 p.m., followed by a presentation starting at 6:00 p.m.

Refreshments will be provided.
