

Call for Ktunaxa Participation on Art Selection Committee

The City of Cranbrook was successful in receiving funding for the CBT Public Art Grant Program. This program helps communities create or enhance spaces of public interest with the installation of outdoor public art like sculptures, murals and other types of art that are a draw for locals and visitors alike, while supporting and showcasing local artists.”

The City will install a sculpture in Harmony Park opposite the Cranbrook History Centre along highway 95/Van Horne Street, helping to rejuvenate a community green space with the new feature and is expected to be completed in 2020.

Are you an artist or have an eye for art?

Are you comfortable working with a diverse group of individuals and can articulate what pleases you and why?

We are looking for YOU for this one-time opportunity!

The selection Committee will be made up of City Staff, Ktunaxa and the Cranbrook Arts Council.

This committee will be responsible for reviewing the submissions and shortlisting the applicants.

Committee meeting will be December 5.
